

Università degli Studi di Brescia

Meeting -200 Years of Parkinson's Disease

23-24 Marzo 2017

Aula A Dipartimento Medicina Molecolare e Traslazionale,
Università degli Studi di Brescia

SCIENTIFIC PROGRAMME

Thursday March 23rd, 2017

- 04.00 pm Participants' Registration
- 05.00 pm Welcome keynotes
P.F. Spano, A. Padovani
- 05.15 pm **Plenary Lecture "20 years of alpha-synuclein pathology"**
M.G. Spillantini
C. Golgi Medal Award 2017 – Fondazione Camillo Golgi, Brescia

Friday March 24th, 2017

- 08.30 am **Plenary Lecture "Parkinson's disease research from laboratory to patients: a historical perspective"**
D. Di Monte
- Symposium "Molecular features of Parkinson's disease"**
Chaired by M. Pizzi, M. Bentivoglio
- 9.30 am Synaptic alterations in Parkinson's disease
A. Bellucci
- 10.15 am The role of autophagy in Parkinson's disease
L. Stefanis
M.
- 11.00 am *Coffee Break*
- 11.30 pm Mitochondrial dysfunctions in Parkinson's disease
N. Brini
- 12.15 pm The role of basal ganglia dysfunction in Parkinson's disease
P. Calabresi
- 01.00 pm Discussion
- 01.15 pm *Lunch*
- Symposium: "Clinical aspects of Parkinson's disease"**
Chaired by A. Padovani, M.G. Spillantini
- 2.15 pm Early clinical and neuroimaging markers of Parkinson's Disease
A. Padovani
- 03.00 pm Genetic of Parkinson's disease
E.M. Valente
- 03.45 pm Pharmacological strategies in Parkinson's disease
F. Stocchi
- 04.30 pm Deep brain stimulation for Parkinson's disease
M. Zibetti
- 05.15 pm Discussion
- 05.30 pm Concluding Remarks
M. Bentivoglio, M. Pizzi, A. Padovani, P.F. Spano
